Investigative Narrative

On 12/13/05 I was advised to contact a male on the phone reference a smoking complaint that is ongoing at the Der Litten Haus bar.

The RP stated that today a couple of his employees had walked by the Der Litten Haus bar and the door was open. He went on to say that they saw several people in the bar smoking. He further advised me that he has heard rumors from people that the owner Bill Townsend is telling people that he has found a loop hole in the law and so therefore he will continue to let his customers smoke in his bar.

#101 and myself did a walk through of several bars on 6th Street. All of the bar were following the law except for the Der Litten Haus. We found six people smoking in the bar including the bar tender in charge, a Ravelle Frazier. She was warned for herself as an individual and for the person in charge of the bar. We went around and told each person to put there cigarette out and the entire bar was briefed on the new law.

A copy of this report will be sent to the health department for their information and/or follow up.
